

# LIFE SCIENCE

*Discovering the Wonder of Living Things — Cells, Ecosystems & the Creator Behind It All*

**A 32-Week Faith-Integrated Life Science Course for Grades 6–8**

*Science shows you HOW it works — Scripture shows you WHO designed it.*

## 🎓 What Your Student Gains

- ✓ A solid foundation in all 6 areas of life science
- ✓ Understanding of cells, genetics, ecology & body systems
- ✓ Scientific vocabulary, critical thinking & observation skills
- ✓ Faith connections woven into every single lesson
- ✓ A Faith Reflection Journal that grows all year long
- ✓ Appreciation for God as the Master Designer of life
- ✓ Preparation for high school biology & beyond
- ✓ Confidence in science — because God made their mind too

*"The deeper you study living things, the more clearly you see the One who breathed life into them."*

### ✅ This Course Is For Students Who...

- ✓ Are curious about how living things work
- ✓ Want science that deepens — not challenges — their faith
- ✓ Are in Grades 6–8 (expectations are differentiated by level)
- ✓ Learn best with an enthusiastic, faith-filled teacher

*"The heavens declare the glory of God." — Psalm 19:1*

## 📋 Class Details

|            |                                        |
|------------|----------------------------------------|
| Format     | Live Zoom sessions                     |
| Length     | 32 weeks (full school year)            |
| Grades     | 6th–8th (differentiated)               |
| Schedule   | 4 days/week • 30 minutes per class     |
| Prereq     | None — all learners welcome            |
| À La Carte | ✅ Available — no full program required |
| Enrollment | Open                                   |

## 📚 Student Receives Each Week

- ✓ Structured student notes & weekly review questions
- ✓ Faith reflection prompt connecting science to Scripture
- ✓ Ongoing progress toward unit mastery & quarterly grade

## 📦 What Your Student Needs

- ✓ Notebook for notes and Faith Reflection Journal
- ✓ Colored pencils or markers for diagrams
- ✓ Reliable internet connection for live Zoom
- ✓ A heart ready to discover God's creation 🙏

**Cell Structure  
& Function**  
Weeks 1–5

**Plant  
Biology**  
Weeks 6–10

**Animal  
Biology**  
Weeks 11–15

**Genetics  
& Heredity**  
Weeks 16–21

**Ecosystems  
& Ecology**  
Weeks 22–26

**Human Body  
Systems**  
Weeks 27–32
